Melissa: How long have you been partnered with Visions Employment Plus Inc.?

Yvonne: I have been partnered with this program since November 2017.

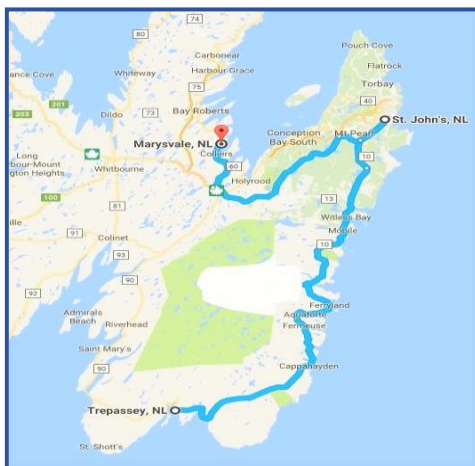

Melissa: How has being an inclusive business enhanced the business environment?

Yvonne: I have worked with Darrin since November 2017. I have never seen anyone so eager to help , to work, do anything to make my day easier, he is always there for me when I need him . I am also very proud to see what Darrin has accomplished, and able to do on his own. Darrin is such a joy to have at Nalcor. He is very friendly with all staff. I am honoured to have him with me everyday.

Melissa: Is there anything you would like to say to other Employers or Managers who may be reluctant in partnering with a supported employment agency?

Yvonne: To all other businesses or managers to whom have not had the opportunity to have an employee from the Visions program, you actually need to have these men and women work in your company and community because they are a wonderful asset to have. They love the work experience and being able to meet new people, and to be involved in the work force. I hope that other companies will hire. They will not be disappointed.
