Who Are Job Coaches?

An Interview with Current Job Coach, Jennifer Fleming

Melissa: How long have you been employed with Visions Employment Plus Inc.?

Jennifer: I've been employed with Visions for 6 months.

Melissa: How did you become aware of this role?

Jennifer: After I completed my Occupational Health and Safety Diploma I was searching for a fulfilling role in which I could make a difference in the lives of others.

Melissa: What do you enjoy most about your current position?

Jennifer: The thing that I enjoy most about my employment is that I get to make a meaningful contribution to Kim's life by ensuring that she is safe at work, enjoys her time at work and learns new skills. I also enjoy that I make a meaningful contribution to society by helping others to be patient, empathetic and wholesome in their hearts as we never truly know someone else's life circumstances.

Melissa: If you could describe your position to someone what would you tell them?

Jennifer: If I was to describe my position to someone else, I would say that I'm a daily companion who shares work duties with my client and helps her take pride in her work, enjoy the day no matter how challenging it might be and have confidence in herself because I think every person has value and it's important that we all feel that we have value.

Melissa: Would you recommend this position to someone else?

Jennifer: I would absolutely recommend this position to anyone who wants to belong to something outrageously beautiful and wake up every morning with tremendous purpose.
